UNIVERSITY LOSES TO MURFREESBORO

VICTORY SNATCHED IN LAST MINUTES.

Brilliant Come-Back by Chattanooga in Last Half Fails to Avert Defeat.

In the last few minutes of play, Chattanooga, which had been leading by a 30-yard run to a touchdown, his second during the game. Both runs were made for counters.

The eleven which stacked up against the local boys Thursday exhibited a line considerably heavier than the Blue and Gold could produce, and this proved a considerable factor in the defeat. However, Chattanooga seemed swept off its feet at the start of the game by a clever

ANZACS AVERAGED THREE HUNS TO EACH CASUALTY IN OWN RANKS

(By Floyd Marritt, 1. N. S. Staff Cor.) London.—(By Mail).—For each absolute casualty the Australian army has sustained in its fighting in France it has taken three German prisoners.

That was the statement made to the International News Service recently by Maj.-Gen. Charles Rosenthal, commander of the Second Australian division. He was a brigadier-general in command of the Australian forces which relieved Gen. Carey's non-descript force before Amiens and stopped the German drive.

The Australian take deep interest in their warfare, not only because they are well paid (privates receive \$1.50 a day and subalterns \$5), well clothed and fed, but also because every officer and every non-commissioned man knows what an action is intended to accomplish, not only by companies, regiments and brigades in his own division, but also what divisions on either flank are to do, Gen. Rosenthal explained.

"Before an action the divisional commander and his colonels and majors have discussed the plans thoroughly," Gen. Rosenthal said. "The majors, with maps, then go over the plans with the commissioned officers. The lieutenants repeat this with the non-coms and the non-coms tell the privates. Thus, if the colonels, majors, captains, lieutenants or non-coms are knocked out, a private can carry on and make a success of his company's effort."

Practically not a yard of ground has been lost to the Germans by the Australians since they landed in France in 1916. The Australians have not lost a single gun to the enemy, and but 3,150 Australian soldiers have been captured by the Germans. Nearly fifty times that many Germans have been taken by the Australians, who now number 165,000 as a fighting establishment in France. Casualties, including thousands who have been wounded two or three times and returned to the front, number 21,420. Australia is paying every penny of war expenditure incurred by its troops.

Gen. Rosenthal said Australians were more like Americans in habit of thought, fighting and general attitude toward life than any other unit in France.

KILLED IN ACCIDENT

Sergeant John Dunmore, One of Chattanooga's Colored Soldiers, Dies in France.

John W. Alexander, colored, 725 Poplar street, a porter at the American Trust and Banking company, has received word that his nephew, Sergeant John Dunmore, has been killed in an accident in France. Dunmore left Chattanooga with a detachment of soldiers for Camp Dodge in June. In a short time he sailed for France to augment Gen. Pershing's forces. He was attached to a regiment of Infantry. Thus has another one of Chattanooga's colored citizens played his part to the limit in fighting that the ideals of his country might be maintained. He was reared here in the home of his uncle, John Alexander.

WOMEN ELIGIBLE

New Interest Aroused in Forthcoming Mayoralty Chicago Run.

Chicago, Nov. 28.—(By Mail).—The top which surrounds the possibilities of the forthcoming mayoralty campaign next spring, comes the hint that the 300,000 women of Chicago who will be eligible to vote, may take the matter into their own hands and nominate a woman candidate.

It is rumored that the woman plan to put a woman well-known in public life—possibly Jane Addams, of Hull House—into the primary race on an independent platform.

PUNY, WEAK BOY

Made Strong and Well by Vinol. Why It Is Best for Children.

Williamson, W. Va.—"My little boy was weak, puny and tired all the time. He did not want to do anything. Vinol was recommended and it has built up his strength and made him healthy."—Harley Clay, Williamson, W. Va.

The reason Vinol was so successful in this case is because it contains beef and cod liver peptones, iron and manganese, peptones and glycerophosphates, the very elements needed to build up a weakened, rundown system, make rich, red blood and create strength. Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time-honored preparation, Mother's Friend, before the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strain, bearing-down, stretching pains are contracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipation for the nerves are not drawn upon with the usual strain.

By its regular application the muscles expand easily when baby arrives; the time is less at the crisis and naturally the pain and danger is less. Mother's Friend is on sale at every drug store. It is for external use only. It is absolutely safe and wonderfully effective.

Write the Bradford Regulator Company, Dept. C, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this wonderful treatment.—(Adv.)

Mrs. Adolph Schumaker, vice-chairman of the recreation committee of the Woman's Service league, was in charge of the entertainment given Thanksgiving afternoon at the American Red Cross building for the convalescent soldiers. Miss Helen Winn rendered several special numbers on the violin, and Mrs. Schumaker gave several vocal selections. In addition to this three of the soldier boys added to the program by furnishing some special numbers of songs and dances. At the close of the program light refreshments, consisting of grape juice punch and cake, were served to the soldiers. A number of the young girls of Chattanooga were called upon to go out and assist in entertaining the convalescents.

Lung-Vita Did More Good Than Any Medicine He Had Used.

"In August, 1917, I tried Lung-Vita for bronchial catarrh, from which I had suffered about twenty years," says Mr. John Witt, who lives at 201 22nd street, Chattanooga, Tenn., in a statement given recently. "In only a few days after beginning with Lung-Vita my condition began to improve, and the pains in my chest and head gradually subsided. My appetite improved, I slept better and was more refreshed on waking, and my strength was improved. I passed through the dreadful weather we had last winter better than through any previous winter in many years. I was not nearly so easy to contract cold as I had been, my general health improved, and my weight materially increased, getting back to normal. No other medicine I had ever taken benefited me as did Lung-Vita."

Your druggist or dealer should handle Lung-Vita, but if he doesn't supply you, write Nashville Medicine Co., Nashville, Tennessee, for free booklet.—(Adv.)
